Why has this Summit been the biggest eDisclosure event in the European calendar for 5 years running? With over 40 expert speakers, 15 countries represented, 35+ sessions to choose from and over 150 corporate legal departments attending... there is simply no better place to get the most critical, current and comprehensive eDiscovery updates!

### Gain timely and accurate updates on:

- The Bribery Act and how to conduct proactive compliance reviews and internal investigations
- How to conduct effective early case assessments that reduce overall eDisclosure costs and improves case outcomes
- Preparing an eDisclosure response strategy and anticipating the questions regulators might ask about your IT infrastructure and ESI
- Understanding the data protection maze and reconciling litigation and regulation requests with data privacy obligations
- Implementing the most critical tools and strategies to make eDisclosure work operationally and financially
